White Primer

Description:

Browning/Pro-Steel's Security Door has taken in-home security to a new level. With the appearance of a standard residential door, the Security Door is the perfect option for the customer who prefers to be more discreet about the presence and location of valuables. The Security Door includes a UL Listed Type I Electronic Lock with a faceplate that can be mounted and concealed up to seven feet from the vault to further hide the true nature of the door. Additionally, the Security Door is available in both flat and six-panel door styles to help blend in and can be painted to match other doors. The minimum rough door opening for the Security Door is 83" x 36".

Security Door Features:

1 7/8" thick Duo-Formed™ type door • 1" of Imprafill™ insulation • Residential interior straight brass handle • UL Listed Type I Electronic Lock • Concealed hinges • L-Bar security on hinge side • Internal lock release to open the door from within the vault • Door swings out 180° when open.

Item 16072-59120, white primer finish, 83"x36" **MSRP \$2939.00**
